

HOW ONE YOUNG MAN FROM ARGENTINA HAS IMPACTED MEXICO....

MEET JUANDI...

In September of 2014 I contacted some friends who are missionaries in Argentina because I had read amazing reports of what God was doing through their ministry among the youth. I asked them if they had anyone they could send our way to help us start a similiar ministry among the youth here. They told me that had the perfect person for the "job" and on December 25, 2014 we got the best Christmas present ever with the arrival of Juan David ("Juandi") Ramirez from Argentina. This amazing young man brought new energy and strategies and has completely revolutionized the way we do ministry here! God has used him to take our ministry among the youth and children to a new level! So much has changed in the (just over) 2 years that Juandi has been with us! He has not only revolutionized the ministry in our church but has helped us take the ministry to about 9 other churches and there are several churches now asking us to do training with their youth and children's workers. We never dreamed it would grow so big, so fast! We feel like we are just scrambling to keep up with all God is doing!

Please consider partnering with Juandi to help him continue to live and minister in Mexico...

He needs to raise **\$2000 a month** in sustaining support to be able to continue to live and work in Mexico. This covers, rent, food, health insurance, travel expenses for training leaders in other churches around Mexico, and a small stipend for personal expenses.

He also needs to raise money to purchase items necessary for his ministry. He currently needs

- a laptop computer
- residency visa (\$1000)
- furniture for his apartment

Juandi,

978009

YES! With God's help, I want to be a partner with the ministry in Mexico by...

- Committing to give \$ _____ each month.
- Enclosing a special gift of \$ _____
- Praying faithfully each week for the ministry in Mexico and the Syverson family.
